

## KIRA TALENT INTERVIEW FACTSHEET

The Kira Talent interview is a recorded video interview designed for our Admissions Committee to virtually meet you and get a sense of your personality, potential, and ability to think on your feet. It will serve as a screening tool that complements the rest of your application process.

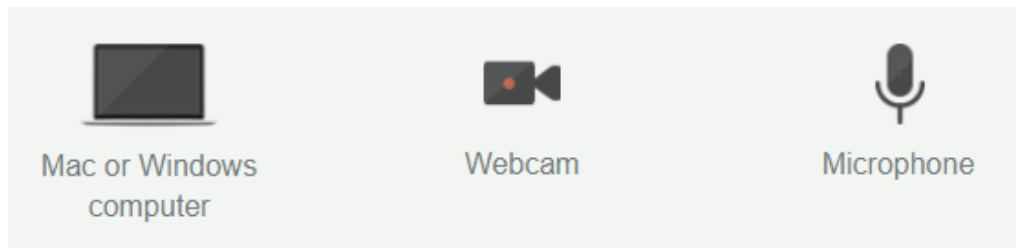

### PROCESS

The process is simple – you will be asked a randomly selected question from our database, given some time to prepare, then invited to make your reply. Your video response will be saved and sent to our Admissions Committee. The entire process should take approximately 30 minutes to complete, and can be done on your own time.

### REQUIREMENTS

You will require an internet-connected computer with a functioning webcam and microphone. The system allows for unlimited practice sessions, but once you start the formal interview questions, you only get **one** chance. This allows us to see your candid responses.

### HELP

For technical support inquiries regarding your video interview, please contact Kira Talent directly by clicking the 'Need help?' button on your interview page for their FAQ and Live Chat, or by emailing: [support@kiratalent.com](mailto:support@kiratalent.com).
